For Parents:

We understand that searching for the best school for your child is a serious and important decision. With so many different martial art schools to choose from, it is essential that your decision be an educated one. We offer many programs for both experienced and beginner students, and the personal development of your child is our main concern. Please be assured that our school promotes the traditional values of the martial arts with the focus being on personal development, not sport like competition or bullying/fighting. While our martial art curriculum is one of the strongest to be found, we believe that a positive character of respect and a pursuit of excellence are the keys for any child to find success in any of his or her pursuits. If you are considering martial art training, our martial art program will help your child become more confident and develop greater self esteem. They will see themselves improve and accomplish tasks never thought possible. Through constructive criticism and much positive re-reinforcement in a disciplined environment, they will grow stronger physically, mentally, and emotionally each day.

If you are interested in having your child train in this martial art, please fill out the following form and bring it in to any class for a **free trial class** and **one month of training with a uniform for only \$49.99!**

For Adults:

We understand that the decision to train in a martial art is a serious and important one, and you are searching for the best program that will fulfill your goals. With so many different schools to choose from, it is essential that your decision be an educated one. One of the unique traits of our school is that we offer a complete two-tiered program for both experienced and beginner students. This way no matter what previous training you may or may not have, you will not feel overwhelmed or stuck in a rut. Due to the comprehensive degree of the Hwa Rang Do curriculum, you can study this one martial art for a lifetime, and continuously develop your skills!

If you are interested in training in this martial art, please fill out the following form and bring it in to any class for a **free trial class** and **one month of training with a uniform for only \$49.99!**
